

## **Report- workshop held at Narula Public School on personal safety and cyber safety**

In order to sensitize the students about personal safety & enable them to be responsible & vigilant netizens, a workshop was organized at Narula Public school, Mogra on August 5, 2022 by the Young Indians, Kolkata chapter (project 'MASOOM'), in collaboration with CII. The resource person, Ms Purwi ensured the enthusiastic participation of the students & kept them engaged throughout the session through her energetic delivery of content.

The interactive & informative session highlighted vital aspects of personal safety like the road safety rules, our body safety rules, the difference between private and public spaces, and safe and unsafe touch.

The students were given smart cyber tips & were introduced to terms like Cyberbullying, Cybercrime, and Hacking. They were given an overview of the legal aspects to be kept in mind while surfing the internet to access different websites and social media apps for sending and receiving information. A child helpline number was shared with the students and safety handbooks & stickers were distributed to culminate the session.
